AMENDMENT AND RESPONSE

In response to the Office Action mailed on April 9, 2002, please amend the application as follows.

In the claims:

Please add new claims 69-71 and replace the pending claims with the following amended claims:

D¹ 51. (Twice amended) A method of increasing bioavailability of nutrients in a mammal comprising buccally administering to said mammal a composition consisting essentially of an isolated *Bacillus coagulans* bacterium, a fructo-oligosaccharide, a mineral gluconate and a supplementary enzyme, wherein said enzyme is selected from the group consisting of a lactase, an amylase, a glucanase, and a catalase.

D² 52. (Amended) The method of claim 51, wherein said *Bacillus coagulans* bacterium is a lyophilized vegetative cell.

53. The method of claim 51, wherein said bacteria is *Bacillus coagulans* Hammer.
